Presentations

- ▶ From February, every Wednesday lecture will start from short presentation based on the primary literature representing the most important directions of contemporary biogeography.
- ▶ Every student in a class should prepare presentation **individually**.
- ▶ Presentation is mandatory as well as participation in the discussion.
- ▶ Along with my lecture presentations, your presentations will become materials for exams.
- ▶ PDFs of articles for presentations and guidelines will be available for download on the Web site.

Biogeography

Introduction

Why do polar bears not eat penguins?

(Yes, they do not intersect but they are not so far from each other as many think. So why they did not meet?)
