Questions and answers

Angiosperms

Magnoliidae

Outline

Questions and answers

Angiosperms

Magnoliidae

Previous final question: the answer

Which of four subclasses is basal? Why?

Previous final question: the answer

Which of four subclasses is basal? Why?

- ▶ Magnoliidae, they retained more primitive characters than all others

Angiosperms

Magnoliidae

Subclassis *Magnoliidae* [^{4,8}*Magnolia*]*³⁴**Ordo 6. NYMPHAEALES** [⁴*Nymphaea*]

- Familia 1(61). *Hydatellaceae* U. Hamann [³*Hydatella*]
2(62). *Cabombaceae* Rich. ex A. Rich. [³*Cabomba*]³⁵
3(63). *Nymphaeaceae* Salisb. [³*Nymphaea*]³⁶

Ordo 7. AMBORELLALES [⁴*Amborella*]***Subordo *Amborellineae*** [^{3,8}*Amborella*]

- Familia 1(64). *Amborellaceae* Pichon [³*Amborella*]

Subordo *Schizandrineae* [^{3,8}*Schisandra*]

- Familia 2(65). *Austrobaileyaceae* (Croizat) Croizat [³*Austrobaileya*]
3(66). *Schisandraceae* Blume [³*Schisandra*]³⁷
4(67). *Trimeniaceae* Gibbs [³*Trimenia*]

Ordo 8. CHLORANTHALES [⁴*Chloranthus*] s.a.

Familia 1(68). *Chloranthaceae* R. Br. ex Sims [³*Chloranthus*]

Ordo 9. MAGNOLIALES [⁴*Magnolia*]Subordo **Winterineae** [^{3,8}*Drimys*']Familia 1(69). *Canellaceae* Mart. [³*Canella*]2(70). *Winteraceae* R. Br. ex Lindl. [³*Drimys*']Subordo **Magnoliineae** [^{3,8}*Magnolia*]Familia 3(71). *Myristicaceae* R. Br. [³*Myristica*]4(72). *Himantandraceae* Diels [³*Galbulimima*']5(73). *Magnoliaceae* Juss. [³*Magnolia*] s.a.³⁸6(74). *Eupomatiaceae* Orb. [³*Eupomatia*]7(75). *Annonaceae* Juss. [³*Annona*]Subordo **Laurineae** [^{3,8}*Laurus*]Familia 8(76). *Calycanthaceae* Lindl. [³*Calycanthus*]³⁹9(77). *Atherospermataceae* R. Br. [³*Atherosperma*]⁴⁰10(78). *Monimiaceae* Juss. [³*Monimia*] stat.m.⁴¹11(79). *Lauraceae* Juss. [³*Laurus*]⁴²12(80). *Hernandiaceae* Blume [³*Hernandia*]⁴³

Ordo 10. PIPERALES [⁴*Piper*]Subordo ***Aristolochiineae*** [^{3,8}*Aristolochia*]Familia 1(81). *Aristolochiaceae* Juss. [³*Aristolochia*] s.a.⁴⁴2(82). *Hydnoraceae* C. Agardh. [³*Hydnora*]Subordo ***Piperineae*** [^{3,8}*Piper*]Familia 3(83). *Piperaceae* Giseke [³*Piper*]⁴⁵4(84). *Saururaceae* Rich. ex T. Lestib. [³*Saururus*]

Ordo 11. CERATOPHYLLALES [⁴*Ceratophyllum*]

Familia 1(85). *Ceratophyllaceae* [³*Ceratophyllum*] Gray sed.m.⁴⁶

Final question (2 points)

Final question (2 points)

What are “paleoherbs”?
